Transparency Attestation Statement

To Whom It May Concern:

Name Of Organization: Health Administration Systems, Inc.
Product Name: MediFile - Meaningful Use
Version: 7.1

With regard to the above product:

In support of enhanced marketplace transparency and visibility into the costs and performance of certified health IT products and services, and the business practices of health IT developers, our company hereby attests that it will provide in a timely manner, in plain writing, and in a manner calculated to inform, any part (including all) of the information required to be disclosed under 45 CFR § 170.523(k)(1) under the following circumstances:

- To all persons who request such information.
- To all persons who request of receive a quotation, estimate, description of services, or other assertion in connection with any certified health IT or any capabilities thereof.
- To all customers prior to providing or entering into any agreement to provide any certified health IT or related product or service (including subsequent updates, add-ons, or additional products or services during the course of an on-going agreement)

We agree to notify Drummond Group of any and all future changes to our price transparency language for this certified product-version.

We understand and agree that the ONC HIT Certification Program Final Rule statement gives Drummond Group, as an ONC-ACB, the sole responsibility for ensuring compliance and determining appropriate consequences if EHR technology developers fail to disclose accurate price transparency information.

We understand and agree that we will provide to Drummond Group copies of, or give access to any and all websites, marketing materials, communication statements, and other assertions made by our organization regarding the ONC certification status of our product, in a reasonable time, to ensure the price transparency information is being accurately disclosed.
